RE: **SVHC** (Candidate List of Substances of Very High Concern for authorization) & **RoHS** (Restriction of Hazardous Substances)

Dear Customer,

with reference to your request we thank you for your enquiry regarding the conformity according to the "Candidate List of Substances of Very High Concern (SVHC)"

SVHC Link: <http://echa.europa.eu/web/guest/candidate-list-table>

RoHS Link: http://ec.europa.eu/environment/waste/rohs_eee/index_en.htm

We can inform to you as follows;

We herewith confirm that the substances as listed on the ECHA website (see Link: above last update June 27, 2018) and on EC website (see 2. Link updated on March 3, 2015), are not intentionally added to AFTC® SilverTape™ products.

All SilverTape's are;

- An article, without intended release of a chemical substance according to article 3 (3) of the REACH regulation and RoHS 2 Directive 2011/65/EU
- Not a product containing a SVHC and/or RoHS greater than 0,1% by weight.
- Not subject to the REACH pre-registration or the REACH registration process.
- Not a chemical preparation.

Note:

- In all cases those products are subject of doubt or if product is considered to be a preparation and not an article, please refer to our SilverTape Safety Data Sheet (MSDS).

All technical data, information, recommendations and statements are based on our own experience and on that of external test institutes. These values are representative and cannot automatically be used for your own specific application.
